

Export Control

Military Goods

Novotechnik produces sensors and sensor systems for linear and rotary measurement for applications in industrial and automotive industries and is no producer of armaments or war goods.

Non-Dual Use Statement

We confirm that for our products no export licence/ export permission for Dual-use item is required.

The goods are not listed on export lists appendix I or II of the EG-Dual Use-VO 428/2009, of version 2009 or in the parts of the Export List (Annex of AL/AWV).

Independently we point out, that you as applicant/ exporter must follow the actual laws, regulations and embargo directives self-reliant.
