NOVOPAD<br>Position Transducers<br>up to 200 mm<br>non-contacting<br>Series LS1<br>with analog interface

Position transducer with NOVOPAD non-contacting inductive measurement principle on printed circuit board basis, for direct, accurate measurement of travel in display- or feedback applications.

The actuating rod is supported on both ends by slide bearings, allowing high lateral forces on the tip of the rod. The robustness and the compact housing design make the LS1 a reliable solution for industrial environment. A ball coupling enables a backlash- and shear force free operation even with perpendicular or angular misalignment between the transducer axis and the direction of movement.

| Description |  |
| :--- | :--- |
| Housing | Aluminium, anodized |
| Mounting | adjustable clamps |
| Actuating rod | stainless steel, AlSI 303, external thread M5×0.5 |
| Ball coupling | hardened ball with spring pressure on carbide plate |
| Bearings | both ends in metal-polymer slide bearings |
| Measurement principle | NOVOPAD inductive, based on printed circuit board |
| Electrical connections | 3-pin round connector, shielded, M8 $\times 1$ <br> 3-wire PVC-cable, 3 $\times 0.14$ mm², shielded, 2 |
| Electronic length | SMD with ASIC, intergrated |

The integrated signal processor with Teach-In function provides an absolute and proportional current or voltage output signal.

The non-contacting sensors are maintenance and wearfree and convince with an optimal reproducibility, resolution and linearity. The sensor can be exchanged without recalibration. Magnetic fields do not have any effects on the measurement signal.

## Special features

- long life up to 100 Mio. movements, depending on application
- compact profile design
$18 \times 18 \mathrm{~mm}$
- double-sided supported
actuating rod
- pre-assembled ball coupling
- resolution 0.05 \% o 0.1 \%
- outstanding linearity $\pm 0.15$ \%
- Standard output signals
current or voltage
- Teach-In via push-buttons
with status LED
- insensitive to magnetic fields
- cable or connector version available

## Included in delivery

2 mounting clamps Z-45 incl.
4 cylinder screws M4×10,
1 ball coupling

## Optional accessories

4 mounting clamps Z3-31 incl. 4 cylinder screws M4×10, Art.No. 059010;
PUR-cable with 3 -pin female connector, M8 x 1 ,
$3 \times 0.25 \mathrm{~mm}^{2}$, shielded: 2 m length, EEM 33-56, 5 m length, EEM 33-58, 10 m length, EEM 33-60; PUR-cable with 3 -pin female angled connector, M8 $\times 1$, $3 \times 0.25 \mathrm{~mm}^{2}$, shielded:
2 m length, EEM 33-57,
5 m length, EEM 33-59,
10 m length, EEM 33-61.

## On request available

Customized length and electrical connection e.g. cable with connector.
