

**Position Transducer  
potentiometric  
with integrated  
Signal Conditioner  
up to 150 mm**

Series TE1

A compact transducer on conductive plastic base with integrated signal processing. Designed for direct position measurement of travel in display- or feedback applications.

The integrated signal processing simplifies the connection of the transducer considerably and provides a conditioned current or voltage signal.

Characteristic for the robust design of this compact transducer is the push rod, which is supported on both ends by metal glide bearings. Therefore transverse forces can be absorbed.

A ball coupling enables a backlash- and shear force free operation even with perpendicular or angular misalignment between the transducer axis and the direction of movement.

Based on the potentiometric measuring principle, magnetic interferences have no influence on the displacement measurement.

**Special features**

- long life up to 100 million movements, depending on application
- outstanding linearity up to  $\pm 0.075\%$
- Standard output signals current or voltage
- double-sided supported actuating rod
- pre-assembled ball coupling
- high operational speeds up to 10 m/s
- insensitive to shock and vibration
- cable or connector version available

Description	
Housing	aluminium, anodized
Mounting	adjustable clamps
Actuating rod	stainless steel AISI 303
Ball coupling	hardened ball, external thread M5x0.5, with spring pressure on carbide plate
Bearings	both ends in glide bearings
Resistance element	conductive-plastic
Wiper assembly	precious metal multi-finger wiper, elastomer-damped
Electrical connections	3-pin round connector, shielded, M8x1 3-wire PVC-cable, 3 x 0.14 mm <sup>2</sup> , shielded, 2 m length

Output connector Code 101	Cable Code 202	Connector with cable EEM 33-56 /-57 /-58 /-59 /-60 /-61	Signal
Pin 1	GN green	BN brown	Supply voltage
Pin 4	WH white	BK black	Output signal
Pin 3	BN brown	BU blue	GND

### Included in delivery

- 2 mounting clamps Z-45  
incl. 4 cylinder screws M4x10,
- 1 ball coupling

### Available on request

Customized length and  
electrical connection e.g.  
cable with connector

### Optional accessories

- 4 mounting clamps Z3-31 incl. 4 cylinder screws M4x10, P/N 059010
- PUR-cable with 3-pin female connector M8x1, 3x0.25 mm<sup>2</sup>, shielded:  
2 m length, EEM 33-56, P/N 005602,  
5 m length, EEM 33-58, P/N 005604,
